EXECUTIVE TEAM

Logistics is a complex business which needs expertise and experience.

Meet our leadership team

Isaac Nsereko
Founder and
Managing Director

An accomplished entrepreneur and business executive with experience across trade, logistics, real estate, telecom, and financial services. He previously served as Chief Marketing Officer at MTN Uganda, leading the rollout of Mobile Money, and as Head of Retail Banking at dfcu Bank. He is Founder and Managing Director of DT Logistics and RI Distributors, Chairman of the HR Committee at Case Hospital, and a board member of DDG Oil & Gas Logistics. He holds an MBA, a Postgraduate Diploma in Marketing, and a Bachelor of Pharmacy from Makerere University.

Nakalanzi Jesca
Chief Finance Officer

She is an accomplished finance leader with over 25 years of experience in financial management, auditing, tax compliance, and strategic decision-making across logistics, construction, and manufacturing sectors. She previously held senior roles at ALAM Group and Turnkey Construction. She holds a Bachelor's Degree and Diploma in Building and Civil Engineering, is a CPA (Uganda), and a Certified Tax Advisor from ICPAU.

Eng. Henry Ssebanakitta
Chief Transport Officer

He has over 12 years of experience in transport management, logistics operations, and Oil & Gas support services, with strong QHSE leadership. Henry holds a Bachelor of Engineering in Automotive & Power Engineering, a Postgraduate Diploma in Transport and Logistics Management, and a NEBOSH International General Certificate. He has a proven track record in optimizing fleet performance, improving efficiency, and strengthening safety compliance.

Juliet Cynthia Kababiito
Chief Operations Officer

She has over 15 years of experience across logistics, transport, and oil & gas operations. She holds a Bachelor's Degree in Development Economics and an International Diploma in Logistics and Transport (CILT). She is recognized for driving operational excellence, leading complex operations, and delivering results in fast-paced and complex environments.

David Nziza
Legal and Compliance
Manager

He is a lawyer with over 6 years of experience in corporate practice with extensive practice in logistics and oil & gas. David holds an LLB from the University of Nottingham and a Diploma in Legal Practice from the Law Development Centre.

Priscilla Atwiinemukama
Human Resource Manager

She holds a Bachelor's degree in Development Studies and a PGD in Project planning & management with over 5 years of experience in administration, customer service, executive support, and records management.

Charity Mwebaza Kayanja
QHSE Manager

An experienced safety professional with a background in oil and gas logistics.

Charity holds a bachelor's degree in oil and gas production engineering from Kyambogo university with an international general certificate in Occupational Health and Safety and is also a member of the Safety and health Association of Uganda and the Society of Petroleum Engineers.

Our goal is to be the most reliable logistics partner in East Africa

All our investments in Talent, Technology and processes are driven by the desire to delight our customers.

– Managing Director, Isaac Nsereko.

Here is our Technical Team

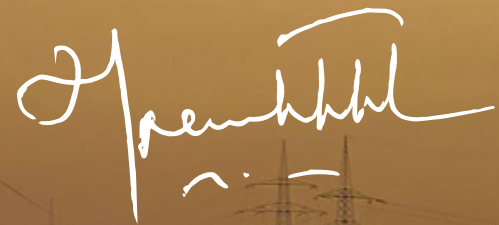

OUR JOURNEY

DT Logistics was incorporated on 26th May, 2017. We have since grown to become one of the leading priorities of logistics services in East Africa.

We move over 500 truck loads every month with east africa. Our investment in top talent, robust processes and technology has served us well so far.

Special appreciation to our customers, staff, and partners for the trust, hard work, and support.

We remain committed to exceeding our customers' expectations

Isaac Nsereko
Founder and Managing Director

VALUE PROPOSITION

**We deliver safely
and on time.**

Some of our Key Partners

Meet our partners for project EACOP

SAFETY FAST – WHAT IT TAKES

Now, with border-to-border transportation, anything can happen (theft, accidents, damaged goods). This is why we have goods in transit insurance to protect our clients' goods.

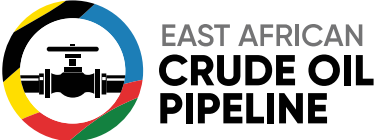

We minimise the risk of loss of goods through the following measures.

- **No driving at night policy**
- **Robust maintenance program**
- **Improved technology**
- **Employing experienced drivers**
- **A good journey management plan**

Our teams **at work**

OUR CLIENTS

OUR CERTIFICATES

OUR **PROCESS**

We follow simple and efficient steps in order to deliver our clients' cargo.

IMPORTS

- 1. The client expresses interest
- 2. A quote is issued
- 3. A contract is made
- 4. The client hands over all necessary documentation
- 5. A Journey management plan is made
- 6. Trucks are then booked
- 7. Trucks collect goods and the journey commences
- 8. Daily status reports are sent
- 9. Trucks offloaded at destination
- 10. Finally, the truck goes to the workshop for inspection
- 11. Trucks are released to start a new trip

EXPORTS

- 1. The client expresses interest
- 2. A contract is made
- 3. The client hands over all necessary documentation to facilitate the clearing of goods
- 4. The vessel is booked
- 5. An empty container is collected
- 6. A journey management plan is made
- 7. Trucks collect goods and the journey begins
- 8. Truck hands over cargo to the port authority
- 9. Cargo is then weighed to confirm that good still intact

OUR SERVICES

We provide

- Transit Yard
- Freight Forwarding
- Transport - Land, sea, air and rail
- Warehousing
- 3rd party logistics

Export

From your doorstep, we take care of your export cargo. We move cargo mostly. Our process is pretty short and smooth; we make sure your cargo reaches Mombasa within 3 days. Along the way, you will receive daily status reports on the progress of your shipment.

Import

We understand that seamless delivery of your goods can benefit your business. This is why our fleet of well-serviced long-haul trucks and experienced drivers will ensure that your cargo moves faster and safely. We also cover an extensive network within Uganda.

Clearing

Our customs clearance partners understand diverse customs' regulations. We ensure a timely border crossing of cargo without unnecessary administrative burden or delays. We partner with RI

Distributors in Uganda (for export and import clearance) and Mitchell Cotts Freights Kenya Ltd (for clearance at Mombasa Port). Our partners take care of all the legal documentation formalities.

Transit Yard & Secure Cargo Handling Services

As part of our continued investment in logistics infrastructure, DT Logistics operates a customs-controlled transit yard designed to support secure, efficient, and compliant cargo handling for transit cargo.

The facility enables

- ✓ Secure storage of transit cargo under customs supervision
- ✓ Structured container handling and yard operations
- ✓ Controlled access and improved cargo visibility
- ✓ Reduced turnaround time for clients

This capability strengthens our ability to provide end-to-end logistics solutions by integrating transport with regulated cargo handling in a controlled environment.

OUR DRIVERS

The highly trained and experienced drivers

SAFETY ON THE ROAD STARTS WITH WORKSHOPS

As we transport your cargo, we ensure it is kept secure so that it can reach its destination safely.

We pay extreme attention to inspection and maintenance service

Pushing the boundaries of logistics requires a proven methodology. That's why we require our clients to provide all necessary documentation at least 3 days prior to the truck's departure. They must also abide by all import and export laws for both countries through which goods are transported (weight restrictions, banned goods, etc).
